

## ABSTRACT TRUST HAS BEEN FORMED.

**Arthur Holland Has Combined All the Companies of Alameda County in One Corporation.**

The abstract companies of Alameda county have been combined in one corporation. The details of the merger have just been arranged, and the whole business of searching records and making abstracts will, on the first of November, pass into the hands of one company, of which the firm of Stocker & Holland will be the controlling factor.

Prices are to be raised fifty per cent, as the promoters of the new concern say sharp competition has reduced prices be-

low a remunerative figure. Arthur Holland is the chief promoter of the merger of the abstract companies. He began work on it several months ago, and has only succeeded lately in bringing all the companies into the combine.

The new corporation will control all the abstracts and records in the county save the official records in the Court House.

Because of this monopoly it will be able to defy competition. One of the gentlemen connected with

the merger said the increase in rates would be more than compensated for by the greater correctness and celerity. "As a fact," he said, "the merger has not increased the cost of making abstracts, for the different companies embraced in it had previously agreed to increase the rates, which were altogether too low. The new company will be a thoroughly responsible concern, and will operate under certain fixed rules that will be greatly to the advantage of attorneys and dealers in real estate."

## FEARFUL RAVAGES OF PLAGUE AND CHOLERA IN ORIENT.

**Uncle Sam's Men and Natives Suffer in Philippines**

WASHINGTON, Oct. 25.—The fearful ravages of plague and cholera in the Old World are set forth in mail advices received by the Marine Hospital service. From Manila, Chief Quarantine Officer Perry makes a conservative estimate that the cases of cholera that have actually occurred in the Philippine Islands since March 20 last, aggregate 75,000, with a mortality of 75 per cent.

He says, under date of September 19, that the disease has practically disappeared from those provinces first infected, but those most recently affected are suffering severely. The province of Iloilo and the adjacent island of Negros are badly infected, and the situation is alarming. Some of the towns in these provinces have lost 10 per cent of their population, and the epidemic continues severe. In Japan, the latest advices show that there have been 4,329 cases and 1,650 deaths from

cholera. The cholera situation in China is summed up as follows: Provinces of Hunan and Shan Si, the cities report as follows: Nanking, epidemic, 40,000 deaths; Shou Yang Hsien, epidemic, 5,000 cases per day; Foo Chow, epidemic, Hsin Chou, Tai Yuan Fu, Hsiao Tientsin, Shou Yang, Shiehling, Cheng Loehien, epidemic, Kin King, Nanchang, P'u, Cheehang, Hankow, Tien Tsin, Szechow, reported.

In Hong Kong since the beginning of the outbreak, there have been 459 cases and 396 deaths. Notwithstanding this the local authorities declare the colony free from infection. According to a report of the director-general of the Egyptian Department of Health, the cholera epidemic continues to claim a large number of victims. The number of infected places increased to 1,557. The number of cases registered during the week ended September 15 amounted to 9,493 with 8,278 deaths.

Of the 28,520 cases of cholera reported between July 15 and August 15, 23, 681 were fatal. During the four days from September 15 to September 19 there were registered 4,048 cases and 3,761 deaths. In Suaz, between September 15 and September 19, twenty-nine cases were registered. In Damietta, the daily number of cases recorded is said to be thirty. Kamak and Luxor also are infected with cholera. In Alexandria during the week ended September 15, sixty-four cases of cholera occurred among Europeans with forty-one deaths, and during the week ended September 15, thirty-five cases and thirty-five deaths were recorded.

At these places and at Alamosa he strongly advocated national irrigation and water storage, declaring that the money expended in an American conquest in the Philippines would have proved beneficial for all the arid belts and made Colorado and all her neighbors blossom like the rose.

Despite the earliness of the hour an excellent gathering greeted Colonel Bryan here, and as at Durango last night, the enthusiasm was very marked.

The action taken by the Board is a victory for the candidates whose names appear under the Democratic and Labor Union columns. Registrar Walsh was directed to instruct the election officers of the decision of the Commission.

The action of the Commissioners was largely guided by decisions of the Supreme Court of New York, from whose statutes California's election laws are chiefly copied.

## S. P. COMPANY FOR PARDEE.

**Word Was Passed Down the Line Today to Get in Behind Him.**

SAN FRANCISCO, Oct. 25.—All doubt as to the attitude of the Southern Pacific Company in this campaign has been dissipated. The company is for Pardee, and the word has gone out to all its agents that the company desires the election of Dr. Pardee and the entire Republican ticket.

The notice was passed out today and the effect is already noticeable in an unwonted activity in certain quarters. Since the word was given, there has been a rapid hurrying to and fro, and a gathering of the clans followed. The news was like a blast from Rod-erick's horn, for it infused new life into the Republican campaign.

The schedule provided that the train shall make the run from San Jose to Chicago in sixty-three hours. Returning from Chicago, passengers will leave Los Angeles for San Jose at 3 p. m.

## MINISTER FANG'S NEW POSITION

**HE WILL HAVE SOMETHING TO SAY ABOUT RUNNING THE EMPIRE.**

WASHINGTON, Oct. 25.—Minister Ting was last night been advised of the appointment of Yuen Shi Kai as minister of commerce of the Chinese empire, although, in his view, such an appointment would not be unlikely. Yuen Shi Kai is the viceroy of Chi Li province. When the late Li Hung-chang was the viceroy of that province he also held the title of minister of commerce. At that time the title was practically honorary as his manifold duties as viceroy prevented him from devoting serious attention to matters affecting the empire outside of his province. Minister Wu, while he says has no definite intention, believes it probable that Yuen Shi Kai may have received the title of minister of commerce, precisely as Li Hung-chang received and held it.

The ministry of commerce to which Minister Wu has been appointed is a special board whose duties relate to the empire as a whole. He will be in association with Chang Chi Lung and perhaps with others, the title of each of whom will be minister of commerce. Yuen Shi Kai may be one of these. It is the hope of Minister Wu that Yuen Shi Kai has been so designated, as he is a friend of the viceroy and a statesman and diplomat of ability and distinction. It seems more likely, however, that the title conferred upon him is of an honorary character and that, in common with other Chinese viceroys, he will have to do with the ministry of commerce only so far as the operations of the ministry may affect that particular province of which he is governor.

## WOMAN TRIES TO END LIFE.

**Mrs. Stowe Is Prevented From Jumping Into Bay—She Is a Victim of Cancer.**

Driven to despair by unbearable pain, an aged woman whose name is supposed to be Stowe, attempted to commit suicide this morning by throwing herself from the upper deck of the ferry boat Oakland.

That she was unsuccessful in ending her life is due to the efforts of a bystander who caught the woman's clothing and, although she fought to free herself from his grasp, she was prevented from jumping.

To the officers on the boat the woman talked freely of the reason that prompted her to attempt her life. She said that she was suffering indescribable pain from cancers that were eating her life away. To them she said that the disease was eating to her vitals.

Even while she talked she appeared to be in the greatest agony and from time to time would call out: "Oh, my God why can't I die and end this horrible suffering!"

When the ferry-boat reached the Oakland side the woman was given into the custody of Officer Mahoney, who summoned the patrol wagon and she was taken to the Receiving Hospital. Here the woman was examined and her statements made on the boat were found to be true. So terrible had the disease fastened itself upon her that a most unbearable stench came from the poor woman.

From her dress and manner she was evidently a woman used to refinement and luxury. To some that questioned her she said that her name was "Brown" but this is thought to be an assumed name. At first the officials at the Receiving Hospital were of the opinion that the woman was irrational, but she talked in a sensible manner and, except telling her name, would answer all questions put to her.

She said that for the last two days she has had apartments at the Palace Hotel in San Francisco, where she tried time after time to end her life by administering chloroform, but beyond being made sick by the fumes she suffered no ill effects from the drug. It made her go to

sleep, she said, but each time she would awake out of the stupor. Then she said that she made up her mind to jump into the waters of the bay. She destroyed all means of identification upon her clothing and, buying a ticket to Oakland, departed on the boat. She stationed herself on the upper deck near the rail, but her peculiar actions aroused the suspicions of other passengers, and when she attempted to throw herself into the bay her effort was frustrated as stated above.

While being taken to the Receiving Hospital she talked to Detective Jacobus that "Thank God, my husband and son are dead and will know nothing about this."

When the woman was told at the Receiving Hospital that nothing could be done for her, she requested that she be taken to some physician where she could receive medical attention. She was directed to the office of Dr. M. McRae of 1111 Washington street. She was taken to the patrol wagon and while on the way, when asked if she had the money to pay for the treatment, for reply opened a purse and displayed a considerable sum, part of it in gold.

The physician dressed his patient and then she left, first inquiring where there was a good lodging house.

Although the woman expressed the intention of killing herself at the first opportunity, she was not detained, but allowed to disappear into the crowded thoroughfare.

She is described as being about 65 years of age, dressed in a black skirt and black waist and carrying a handbag that contained some toilet articles. No sooner had the woman left the hospital than another woman called and stated that she was a friend of the woman who attempted suicide. She refused to give her name, but stated that the other woman's name was Stowe and that she lived in Golden Gate, but of late had been traveling about to try and find relief for her trouble. She further stated that Mrs. Stowe had a sister living in this city.

The authorities who talked with the would-be suicide are of the opinion that she will carry out her intention to end her life and think that she went to some lodging house with that purpose in mind.

## WEALTHY FARMER GLUBBED TO DEATH

**MYSTERIOUS MURDER AT LEBANON, ON, PA., PUZZLES PEACE OFFICERS.**

LEBANON, Pa., Oct. 25.—An autopsy on the remains of William B. Shuey, the wealthy farmer who was found dead in his orchard last Sunday revealed the fact that he was shot twice in the face.

Neither bullet, however, caused death, and he apparently was clubbed to death.

It has developed that Shuey had a large sum of money in his possession when he left Lebanon last week for his home. His pockets were empty when the body was found. No arrests have as yet been made.

## LYING ABOUT A KING.

Appearances indicate that lying rumors defaming the young King of Spain are being systematically circulated to serve political ends. The stories recently given currency may be ascribed to either the Socialists or the Carlists. Possibly both these political elements have a hand in representing the youthful monarch as being a dissolute scapegrace, lacking in respect for his mother or the ministers of state. There is a certain fabulous tinge about these stories that gives them an air of improbability.

Alfonso is very young yet. He is a frail, melancholy youth of seventeen, who has been devoted to his mother all his life. It is not likely that this quiet, shy boy should have suddenly developed into a satyr and a bully. It is true his grandmother and great grandmother openly led loose and scandalous lives, but his father was a high-minded, virtuous ruler. His mother is one of the most estimable women in the royal families of Europe. She is a model of blameless womanhood, and Alfonso's mind in infancy was shaped by her teaching.

None of the scandalous stories lately sent out from Madrid are substantiated. They can be traced to no authoritative source. But it may be observed that the Carlist faction is very industrious in circulating them. The Socialists and anti-Church party are active in giving publicity to rumors discreditable to the young King.

The object is plain. The church supports the throne in Spain. A close community of interest exists between the present dynasty and the Papacy. The enemies of the dynasty are leagued, therefore, with the enemies of the church and the enemies of monarchial government to render Alfonso obnoxious to his people and to discredit him in the eyes of the world. He had hardly ascended the throne of his father before he began to be represented as a moral pervert, a depraved young brute without sense of decency, filial affection or regard for the duties of his station.

But the business appears to have been a trifle overdone. The campaign of scandal was carried on with such vigor that it defeated its own object. It provoked inquiry which speedily developed the fact that the worst of the stories are pure inventions. Lying of this sort will hardly drive Alfonso from his throne.

## THE CONGRESSIONAL OUTLOOK.

Chairman Babcock estimates that the Republican majority in the next House of Representatives will not be less than 24, and may reach 65. This is very encouraging, but it is significant that he concedes the Democrats 160 sure districts as against 265 sure Republican districts. In this forecast only 21 districts are classed as doubtful. If all of them go Democratic the Republicans will still have 24 majority. The estimate for California is six sure Republican districts and two doubtful.

By analyzing the local situation, Republicans can form a better judgment of the situation in the East. While the outlook is reassuring, it is not of a character to give Republicans overwhelming confidence. It is rather an exhortation to work all the harder. It is not to be disguised that the Democrats are making a very energetic contest in six of the eight districts. Local conditions favor them in two or three districts, and they can only be prevented from capturing a seat or two by the most energetic efforts.

This should be an incentive to all Republicans to put forth their best efforts in behalf of the Congressional nominees. There is no danger here, for Mr. Metcalf will carry the Third by many thousands majority. It is in other districts where the work should be done. In San Francisco, the First and Second, and in the Sixth is where Republicans should be alert and active. They should line up every member of the party and get every voter to the polls. This is no time to take chances or make mistakes. The full party strength should be mustered at the polls.

## ALEXANDER BROWN.

Alexander Brown, the Republican nominee for the State Board of Equalization in this district, has made an excellent record while in office, and merits the endorsement of a re-election. Mr. Brown has demonstrated his fitness by proving himself a worthy successor to L. C. Morchouse, who represented this district in the State Board of Equalization for sixteen years. He is better qualified by reason of his experience. He understands the subject of equalizing values far more thoroughly than he did at the beginning of his first term, and for this reason should be retained in office. He is besides a square man who can be trusted to do what is right.

The Democratic orators and organs that were hammering President Roosevelt and the Republican party on account of the coal strike, now complacently object to the Republicans making "political capital out of the settlement." This is an interesting change of tune. They were very busy making political capital till the ground slid from under them. Then they suddenly discovered that it was entirely improper to make capital out of the strike.

The reappearance of Grover Cleveland calling again for a "reform of the tariff" is notice to sensible men that they had better vote the Republican ticket if they would not have a recurrence of hard times.

## BREED ENDORSES MITCHELL.

The card of City Auditor A. H. Breed endorsing and commending John Mitchell, Republican nominee for Assessor, is a convincing testimonial of Mr. Mitchell's worth. It would have been unnecessary but for the fact that Mr. Mitchell has been viciously assailed and falsely accused in anonymous circulars distributed by a rival candidate. It would seem that the trick of a man proving his claim to superior virtue by attacking the honesty of others had lost its force in this community, but, however, it seems the only political stock-in-trade of a few individuals who insist that the Republican party is quite an improper organization whenever they are not permitted to ride it booted and spurred.

A plain statement of the facts, as taken from the official record, places the stamp of falsehood on the circular in question, but that will not stop its circulation, for political libels are seldom retracted, especially when they have been given currency by persons knowing them to be without foundation. Mr. Breed says Supervisor Mitchell is a man of honor and an official whose probity is above suspicion.

Certainly Mr. Breed cannot be accused of being a biased witness in this particular matter, and his own attitude is sufficient guarantee that Mr. Mitchell has been unjustly and falsely charged in the franchise assessment matter. The event in question took place five years ago, and as the record shows Mr. Mitchell's vote was predicated on an opinion given the Board by the District Attorney. Since then the courts have ruled that the District Attorney was in error, and Mr. Mitchell has ever since steadily voted to sustain franchise assessments.

But the fact that this event occurred more than two years prior to the consolidation of the water companies robs the affair of all significance whatever. The device of conveying a falsehood by telling a fraction of the truth and giving it a coloring wholly different from what it really bore is not new. Neither is downright lying, but it is hard to teach an old dog new tricks or inculcate the virtues of honor and truth in greedy demagogues.

## PARDEE AT SANTA CRUZ.

Dr. Pardee's magnificent reception at Santa Cruz is an unmistakable indication of the public temper. It shows how popular sentiment is turning to the Republican candidate for Governor. Santa Cruz normally has a small Republican majority, but it is one of the counties the Democrats have been claiming for Lane. But Dr. Pardee's visit to the county disclosed the hollowness of this claim. He was given an ovation that eclipsed the Lane meeting, and it is not only certain that the county will go Republican, but in all probability Dr. Pardee will receive a larger majority than Santa Cruz usually gives. There is the sign of victory in this, a sign that is becoming plainer day by day in all parts of the State. George C. Pardee will be the next Governor of California.

According to the Jewish World of New York the Hebrew population of Manhattan Island numbers 584,000. It backs up its figures by giving the number of Jewish funerals and marriages and by the names in the city directory. This Jewish population is exclusive of the Hebrews in Brooklyn, Richmond, Queens and the Bronx, and other boroughs of New York. The "World" says there are at least 750,000 Jews within the limits of greater New York.

A third transcontinental railroad into Oakland is another indication of the glorious destiny that awaits this city.

## ACTED QUEERLY ON THE STREETS

William F. Hanrahan, who claims to come from Sacramento, was arrested yesterday afternoon by Patrolman Turner near Seventh street and Broadway. The prisoner was acting queerly. He complained of men and women trying to harm his body. He was taken to the Receiving Hospital, where he will be held in custody as to his sanity. It is supposed Hanrahan is suffering from delirium tremens.

# FRANK C. JORDAN WILL BE ELECTED CLERK OF SUPREME COURT

## HE IS MAKING A CANVASS THAT WILL BE NOTABLE IN THE POLITICAL ANNALS OF THIS STATE.

[From S. F. Call, October 28th.]

Reports from all parts of the State give assurance of the election of Frank C. Jordan, Republican candidate for Clerk of the Supreme Court. Mr. Jordan is making a canvass that will be notable in our political annals, and he is making it not for himself alone but for the whole ticket.

No man ever sought the office of Clerk of the Supreme Court better qualified to fill it than Mr. Jordan. For two terms he has held the office of Clerk of Alameda county, and in that position has demonstrated his capacity for the performance of clerical work. His record of official service is clear and clean. It stands as a guarantee that in the higher office to which he now aspires he will render faithful and efficient service to the commonwealth, and is in itself a sufficient argument why he should be elected.

Mr. Jordan is not an unknown man to California. Born in the State, he has taken a prominent part in the order of Native Sons, and is one of the rising young men of the State. Even in that association of young, energetic, public-spirited men he has distinguished himself for zeal on behalf of California interests and is recognized as a genuine representative of the order, a type of the public man whom the Golden West is proud to recognize as a native of her soil and a master of her opportunities.

Before entering politics Mr. Jordan was a printer, and has therefore the experiences and the sympathies of the workmen of the State. He is one of those who have risen from the ranks and who have fitted themselves for public service by first demonstrating capacity and integrity in the field of private enterprise. He goes before the people in this contest thoroughly equipped for the work of the office for which he has been nominated, and he merits the support of independents as well as of Republicans. That support appears even at this time to be virtually assured. The people will make no mistake in electing Frank C. Jordan. As Clerk of the Supreme Court he will be the right man in the right place.

"DEAR MRS. PINKHAM:—I have never in my life given a testimonial before, but you have done so much for me that I feel called upon to give you this unsolicited acknowledgment of

Thanks, dear Mrs. Pinkham, again, for the book I now enjoy."

# LOCALS NAILED FLAG TO MAST.

LIVELY ENGAGEMENT BETWEEN PONIES AND SAPAPHS TO-MORROW.

It is now only a question of whether Oakland will finish in the 400 column or below that mark. The pennant is theirs, no matter on which side of the fence they finish. At present their standing is 407, and only a combination of circumstances will be able to place them in the 500 column at this time in the race.

Los Angeles, the second team in the procession, is 74 behind the leaders, with no hope of doing so well in qualifying distance. So close are San Francisco and the Los Angeles teams together that Uncle Harris has fond hopes of finishing next to Oakland. Since Los Angeles fell down so hard in the games with Sacramento and his own team played well alongside of the Seraphs, Harris figures that when Los Angeles plays their thirty odd games before the close of the war, he will be occupying the second pew.

It will certainly be a lively struggle between the two teams, but the betting is in favor of Los Angeles, as they have a certain percentage that San Francisco has to overcome.

Both Los Angeles and San Francisco are to contest tomorrow on the local diamond, and the engagement is scheduled to take place at 3 o'clock. Oakland will not vie with the visiting distance. The bouts will stop over a few days with Sacramento. Pete Lohman has promised the fans that he will bring home the majority of the games. "I'll try to win all the games," said Pete. "We know that, Pete," said a fan, "but win, anyhow."

## BOXING CONTESTS AT WEST OAKLAND CLUB

The bouts of the West Oakland Club are attracting considerable attention and the club is making arrangements to handle the large crowd which will no doubt attend. The bouts will start at 8:30 o'clock sharp with several three-round try-outs to be followed by three goes for decisions. The first bout of four rounds between Kid Kennedy, O. A. C. vs. William McKarley, W. O. A. C. will no doubt be a great affair, as both are anxious to settle who is the better and have trained faithfully. The next bout of six rounds between Spike Foley, Magnolia, and George Brown, W. O. A. C. at 135 pounds promises to be exciting. Both have wished for a long time to settle who is the better man and have now the chance. The main event of ten rounds will be between George Baker and Loddy Long. It is attracting the attention of the sports and will no doubt be another interesting bout. Both have easily made the weight (125 pounds) and can be strong at that weight.

## COUNCIL HEARS ARGUMENT ON PROPOSED FRANCHISE.

### MATTERS OF INTEREST TO TAXPAYERS DISCUSSED AT THE MEETING LAST NIGHT.

When the proposed franchise of the San Francisco Terminal Railroad and Ferry System came up for consideration last night at the City Council, Councilman Cadman stated that since the Committee of the Whole had made its report several questions had arisen which made it advisable to refer the matter back to committee.

Upon Cadman's motion this prevailed. W. J. Barnett, John Treadwell and Attorney Reed and Nussbaum were present on behalf of the new railroad. Attorney A. A. Moore and Division Superintendent W. S. Palmer were present on behalf of the Southern Pacific, but did not make any objections to the proceedings.

The two questions which occupied the attention of the committee were putting in switches and side tracks between Fallon and Union streets and the question of the expense in laying their fuel portion of the expense in event of the Council finding it necessary to narrow the sidewalks along which the railroad is proposed to be run.

The opinion of the Council seemed to be unanimous upon the point that the new railroad should not be allowed to indiscriminately put in switches and sidetracks between Fallon and Union streets, but that the tracks should run straight through.

W. J. Barnett said that this latter clause would be too strict a limitation and would place the new company at an unfair disadvantage.

Councilman Wallace then suggested that the clause that the new company could, with permission of the Council, put in sidings and switches where necessary be incorporated. This seemed agreeable to the Council as well as to the representatives of the new railroad and the Southern Pacific.

President Schaffer also called the attention of the Council to the fact that if it was found necessary to narrow the width of the sidewalks, that the small property owners might be forced to a great expense. He wished to know how much of the cost the railroad company would pay if given the franchise. Barnett said that it would probably be an amendment to the proposed ordinance granting the franchise.

Councilman Cadman was selected as the chairman of the committee. He said: "I believe we should carefully reconsider the franchise before we pass the ordinance to print."

Fitzgerald—"I believe under the present franchise they will be able to lay side tracks wherever they wish—that is wherever they own a piece of land."

Attorney Nussbaum—"The amendments under consideration now are the same as agreed upon by the Committee of the Whole at its last meeting. We have complied with the suggestions made by the committee. The Southern Pacific, as to the railroad crossings at Market, Broadway and Webster streets."

Fitzgerald—"Under the present ordinance you would not be able to side-track where you pleased?"

Nussbaum—"Only where we own a

whole block; and only then when the Council deems that we are not unnecessarily blocking the streets."

Wallace—"I would like to ask the City Attorney if we have a right to limit the railroad company, after we have granted the franchise."

Attorney John Reed—"I have doubts whether the Council could limit the railroad after it had once granted the franchise."

Schaffer—"I will never vote for the ordinance as it now stands. I promised the property-owners that I would protect them as far as I am able, and I cannot do so if the sidewalk is to be narrowed to accommodate the railroad. I don't wish to see the property-owners stand the expense."

Barnett—"This franchise has been gotten up in the customary way. It is the same form of franchise as was granted to the Southern Pacific. It is not an intention to use the whole of Third street."

Wallace—"We ask for two tracks and the necessary sidetracks. We have also inserted the restriction of the new franchise, which prevents us from laying three or four tracks, or any sidings which are not necessary. The Council will have power to regulate the use of the sidewalk."

Fitzgerald—"Then why put in the clause granting you the privilege of laying sidetracks where you own the ground?"

Barnett—"We have brought a great deal of property and it would be unreasonable to limit us entirely. We are not asking for the same privileges as the Southern Pacific enjoyed."

Attorney Moore—"It is my duty to see that the Southern Pacific is not treated unfairly. The preamble of the two franchises are the same, but ours was accompanied with specifications. We enumerated what we wanted."

Barnett—"We could also enumerate what we want if we knew where our switches were going to be."

Wallace—"You may see unjust limitations in the amendments we wish to offer. Mr. Barnett, but if you do your perversion is better than mine."

Barnett—"Can you suggest reasonable limitations?"

Wallace—"Certainly, just lay two tracks from Fallon street to Union street."

Barnett—"That would be hardly reasonable."

Courtney—"If the people who are damaged by the road coming through, what then?"

Barnett—"They can secure redress by appealing to the courts."

Courtney—"Not after they have signed the petition for the railroad. If what your company will do in the event of the sidewalks having to be narrowed—will you pay for that?"

Barnett—"We cannot do that without possibly invalidating our franchise. It is beyond our power to agree to a proposition like that and beyond yours to enforce it."

It was then moved that the Council adjourn until 7:30 o'clock Wednesday evening. The motion carried.

## ESTIMATED COST OF BOULEVARD.

### City Engineer Figures that Improvements Will Cost \$185,000.

At a meeting of the City Council last night City Engineer Turner submitted his estimate for the cost of the improvement of the boulevard on the shores of Lake Merritt. He estimates that the total cost of the improvements according to the plans and specifications will be \$185,000.

The improvements on the east side of the lake are estimated to be \$115,647, and those on the west side \$69,326. This estimate includes ten per cent for incidentals and contingencies.

Without the percentage the estimated cost of the east side of the boulevard is \$105,177 and that of the west side is \$60,201.

After the reading of the estimates, they were referred to the Committee of the Whole, in whose hands the rest of the boulevard improvements are now pending.

In part, City Engineer Turner's estimates are as follows:

"To the Honorable City Council of the City of Oakland:

"Gentlemen:—I respectfully submit herewith plans and specifications for the improvement of the boulevard on the eastern and western shores of Lake Merritt.

"Following are some of the principal estimates for the east side: 70,540 cubic yards fill, \$35,270; 248,200 square feet macadam, \$14,271; 42,255 square feet gutter, \$3,803; 14,288 lineal feet granite curbing, \$12,859; 48,150 square feet walk, \$5,300; 6,270 square feet bitumen cross walk, \$1,316; 3,718 lineal feet rock wall, \$22,090.

"Some of the estimates for the west side are as follows: 28,600 cubic yards fill, \$14,300; 112,520 square feet macadam, \$7,313; 7,114 lineal feet gutter, \$6,403; 21,343 square feet gutter, \$1,921; 26,554 square feet cement walk, \$2,920; 1,225 lineal feet rip-rap wall, \$14,700."

## TWELFTH STREET TO BE REPAIRED

### CITY COUNCIL AWARDING CONTRACT FOR IMPROVING THE DAM.

The contract for improving the Twelfth-street dam was formally awarded to the Hutchinson-Ransome Company last night by the City Council. The contract price is \$26,000.

Work on the improvement of the highway will probably begin within thirty days.

There were present Councilmen Bishop, Boyer, Cadman, Courtney, Dornin, Fitzgerald, Wallace, Wixson and President Schaffer.

A resolution was introduced authorizing Postmaster T. T. Dargie to employ the necessary men to take the census of the city with a view of raising the class of the Oakland post office, and appropriating \$900 for that purpose. The resolution was referred to the Ordinance and Judiciary Committee.

A resolution authorizing the appointment of fifteen special policemen on election day was introduced and adopted.

City Justice Stetson was given until December 1 to change his present quarters to the old library building.

**LIQUOR PROTEST.**

A protest against granting a liquor license to Joseph Jacobs, for a saloon at 817 San Pablo avenue, was referred to the License Committee.

**RESOLUTIONS.**

Resolutions were disposed of as follows: Authorizing the City Engineer to make the necessary surveys to improve Hawthorne avenue, at a cost not to exceed \$25,000. Adopted.

Granting permission to S. F. Martin to remove a tree from in front of 1919 Telegraph avenue. Adopted.

Giving property owners fifteen days' notice of intention to sidewalk Bayo Vista avenue and the west side of San Pablo avenue, between Sixty-first street and Standford avenue. Adopted.

Of intention of severing Andover street, from the present sewer to Edwards street. Adopted.

Overruling the protest of A. H. Foster and others against sidewalk Chetwood street. Adopted.

Granting permission to the Oakland Coffee Flyers.

Can Be One if You Stick to It.

The coffee habit is as injurious as other drug habits of the same nature. Don't think so? Well, dig in and see. The system craves a stimulant more and more until finally the victim wakes up.

When we are as fortunate as Mr. James D. Kimble of Northampton, Mass., to realize that we have got it, or the penalty will be severe, it is a little startling at first to consider. He says, "I was an inveterate coffee drinker during twenty years of my life."

"The first ten years I experienced no ill effects from the coffee but its insidious working brought forth a train of evils later on. I became very nervous and irritable. In fact, felt all the time as if I should fly to pieces."

"My appetite became very poor and solid food repugnant to the sight; dyspepsia and indigestion were my constant companions and food did me but little good. About four years ago a friend advised me to try Postum Cereal Food Company. I was loath to become a coffee addict and I decided to try it."

"My appetite returned, food began to taste natural and did me good. My nervousness gradually disappeared, the brain became clear, the loss of strength and flesh arrested and the stomach gradually strengthened. Life seemed once more worth living and the continued use of Postum has not disappointed me. To me coffee proved slow poison. I have found Postum to be a builder and sustainer of the system and I heartily recommend it to the slaves of coffee, without a single reservation."

Mr. Kimble mentions in his letter that his friend in Northampton who has recovered health and strength from using Postum on his recommendation.

### Paving Company to macadamize by private contract Stanford avenue, from San Pablo avenue to a point 100 feet east.

Adopted.

Awarding to the Hutchinson-Ransome Company the contract for improving the Twelfth-street dam. Adopted.

Awarding the contract for grading, curbing and macadamizing East Nineteenth street from Fourth avenue to a point 125 feet east of that thoroughfare. Adopted.

Accepting the dedication of a street through the property of Stewart and Butters. Adopted.

Authorizing the employment of fifteen special officers on election day. Adopted.

Authorizing Postmaster T. T. Dargie to take charge of the matter of taking the census of the city of Oakland, at a cost not to exceed \$900. Referred to Ordinance and Judiciary Committee.

Authorizing the Superintendent of Streets to deposit in the City Treasury Park all street cleanings gathered from the streets of that portion of the city between Twelfth and Fourteenth streets to Twenty-second street.

Granting use of the Council chamber on November 22, 1902, for the purpose of holding the United States Civil Service examinations. Adopted.

Of intention to sidewalk the north side of B street with cement six feet wide, from Center to Edie streets. Adopted.

Ordering the City Engineer to construct a box culvert 324 feet on the sidewalk on the eastern curb line of Alameda street from Twelfth to Fourteenth streets to a point 1,575 feet north of said creek. Adopted.

Granting permission to the Hutchinson-Ransome Company to macadamize East Nineteenth street, between Twenty-second and Twenty-third streets. Adopted.

Granting permission to the Oakland Paving Company to macadamize San Pablo avenue in front of the residence of A. C. Dietz. Adopted.

Ordinances were acted upon as follows: Authorizing certain lands in the William M. Butters' tract as streets. Finally passed.

Granting the City Department to purchase horses at a cost not to exceed \$100. Passed to print.

Proposing the necessity for constructing sewer across the Southern Pacific Company's right of way near B street. Passed to print.

Asking for a sidewalk on East Twenty-fourth street. Referred to Street Committee.

Asking permission to sewer Alcatraz avenue, between School street and Twelfth street, by private contract. Granted.

**NOVEL FEATURES AT THE DIAMOND PALACE.**

Last night the "Jeweler's Review" issued prizes for the handsomest and most elaborate and artistic jewelry store in the world. The first prize was awarded to Col. A. W. White, 504 Broadway.

Col. Andrews' hobby is the beautification of his store. Not satisfied that the competent judges gave him the first award, he still continues to place new designs of beauty in the embellishment of his establishment.

The latest addition to the ornamentation of the store is a set of 217 electric lights, which are arranged in the shape of a diamond. The whole is arranged with mirror effects and forms a most gorgeous sight. It is impossible to adequately describe it. One must visit the store to obtain a comprehensive idea concerning it. It is well worth seeing.

**TO SELL PERSONAL PROPERTY OF WILLIAM GILES.**

Judge Ellsworth has granted Public Administrator B. C. Hayes permission to sell the personal property belonging to the estate of the late William C. Giles, who, with his wife, was burned to death near Sissions early this year. The deceased was the foreman of W. J. Dinger.

## As Old Age Creeps On

Men and Women Can Keep Themselves Hale, Vigorous and Happy by Using

### Paine's Celery Compound

The human system in old age must have a sufficient store of nervous energy, and rich, nourishing blood, so that the liver and kidneys may be kept in perfect action, and the body free from pain. Paine's Celery Compound is the true invigorator when old age creeps on and the vital powers commence to fail. Paine's Celery Compound gives the needed stimulus to digestion and assimilation that the system requires; it maintains a regular supply of pure blood, and removes such troubles as rheumatism, neuralgia, nervous weakness, heart palpitation, liver complaint and digestive disturbances, that make the lives of old people miserable. Rev. John Rice, Scotch Grove, Iowa, says: "My wife and I have used two bottles of Paine's Celery Compound with great advantage to our general health. It cured her rheumatism and proved a good regulator of the system in general and a tonic for the nerves. In my own case I have found it a cure for kidney trouble arising from old age, as I am now in my seventy-fifth year. In this trouble it has given me almost instant relief."

## SHANNON MAKES WINNING FIGHT

NO DOUBT THAT HE WILL BE ELECTED SUPERINTENDENT OF STATE PRINTING.

As a recognition of the merit of one of the best known young men in the State, the Republican party, at its recent convention at Sacramento, nominated W. W. Shannon for the important office of State Printer. This Mr. Shannon will be elected with the rest of the ticket goes without saying. The party has thus assured the voters that the State Printing Office will be conducted for four years more in an able, efficient and economical administration.

W. W. Shannon is a native son of the Golden West, and for years he has been identified with that order. There is a more prominent fact in the State, however, which has a more direct bearing on his nomination. He has long been a faithful member of the Typographical Union, and he is frequently called into the councils of that organization. He is a union man personally and in heart. He has had years of experience as a practical printer and will conduct the office with the most efficient and progressive policy which the liberal and progressive reformer has outlined in his life.

The Republican party may congratulate itself upon its excellent nomination, and the people of the State may justly feel proud of the young Native Son who has been so readily in the estimation of his constituents. The nomination was one of the most popular of the convention, and so readily in the estimation of his constituents.
